Fees and Charges for the 2010 Season

FLEETWATER OPPOSITION

His stud fee for the covering season of 2010 is £1500.00 Straight Fee.

UTOPIAN OPPOSITION

His stud fee for the covering season of 2010 is £650.00 NFFR terms. The stud must be notified by the 1st of October if the mare is not in foal and be accompanied by a Veterinary Certificate to obtain a free return in the next year.

OPPOSITION HERACLES

His stud fee for the covering season of 2010 is £500.00 NFFR terms. The stud must be notified by the 1st of October if the mare is not in foal and be accompanied by a Veterinary Certificate to obtain a free return in the next year.

Keep charges are in respect of feed and/or accommodation. The following charges are per week.

Mare and foal stabled	£60.00
Mare without foal stabled	£50.00
Mare and foal at grass	£30.00
Mare without foal at grass	£20.00

We require that all visiting mares have had a C.E.M. swab and up to date flu certificate before entering the stud and hind shoes are removed.

Our veterinary surgeon will bill direct to the owners and will be called in at the discretion of the stud.

Our farrier will trim etc., as and when necessary and we will invoice this on your monthly livery bill.

The stud is equipped with CCTV covered foaling boxes should you wish your mare to foal down at the stud. The fee for foaling down is £150.00

Artificial Insemination

Landford Common Stud offers an excellent A. I. service to mare owners using chilled or frozen semen.

There are several occasions when A. I. may be preferred to natural service for example:

- 1, if the distance is so far as to make the transport impractical.
- 2, if the mare is injured and unable to travel.
- 3, if the mare is susceptible to uterine infection.
- 4, if the mare is a bad traveller.

Close co-operation between the mare owner, their veterinary surgeon and Landford Common Stud is essential as the timing is critical. The optimum period for insemination is from 12 hours before to 18 hours after ovulation. We strongly recommend the use of a veterinary surgeon experienced in stud work.

The stud fee is payable in full prior to the delivery of the semen. There may also be a deposit of £250.00 for the semen container which will be payable at the time of the booking. Transportation costs will be charged to you.

If an artificially inseminated mare is certified not in foal by the 1st of October, the mare may be entitled to a free return for the following season.
